Hey everybody! Hope you're all having a super spectacular summer! It's hot so why not beat the heat with the coolest Sonic comic magazine around? We've got the latest news, features, and for the first time ever **STICKERS!** Decorate your folders, lunch box or even your friends! Anywhere they stick! So what are you waiting for? Have fun! As for me, I'm going to take a refreshing dip in the pool of fan mail!

Dear 'Super Special Delivery',
My name is Matthew. I have some questions for you.

Spectacular at my bookstore, is it available to buy online?

Thanks,
Matthew
1 Sonic Fan

Howdy Matthew, I might have some answers!

1. Are there going to be any new Sonic games released soon?

As a matter of fact Sega's brand new video game, Sonic Lost World is coming later this year, and it's getting the comic treatment next Super Special, so get stoked!

2. Perhaps a future spectacular could have Sonic the Hedgehog action figures that come with the comic?

An interesting thought! We actually have some of our single comic books packed with action figures by Jazwares available at your local toy stores!

3. If I can't find a Sticker

It most certainly is! You can order a large variety of Sonic comic titles and other awesome books at ArchieComics.com or ask your local comic retailer to put one aside for you! To find a comic shop near you ask a parent or guardian for permission and call 1-888-comic-book!

Dear 'Super Special Delivery',
My 5 year old son, Ru, wanted to say hello to Sonic, and that he just bought Sonic Universe #1 and Worlds Collide #5. He is collecting all the Sonic comic books that he can. Ru say's keep up the good work!

Ru W.
North Carolina
Sonic's #1 fan

SUPER SPECIAL DELIVERY

Hey there, Ru! We'll send the message along to Sonic, thanks for writing in!

Dear 'Super Special Delivery',
My name is Jalynda. I'm from Chiacgo, I'm 16 years old and I go to Epic Academy Highschool. I'm writing you this to inform you that the Sonic comics are so cool that they have inspired me to be the great artist I am today. I would also love to show others my talent and send it in to Sonic fan art, but I don't know how. I'll be more than happy if you tell me how. And I would like to thank you for reading this. :-)

Jalynda B.
sent to

Sonic@ArchieComics.com

Jalynda, I would be happy to point you in the right direction! All you have to do is send in a jpeg of your art to Sonic@ArchieComics.com or you can snail mail it to the address on the top of the previous page! We'll look forward to seeing your artwork!

Dear 'Super Special Delivery',
My name is Caryn, and I wanted to tell you how much I enjoy your work. It's the most way-past-cool thing since the extra-hot chili dog. Ahem. That was Sonic talking. Does that make me a good writer or does that make me crazy? I can never tell.

Well, I think you have to be at least a little crazy to be a part of any creative team! Hoohaha!

I love the depth and complexity the storyline of the comics has to offer, and Ian does a great job of keeping the reader (namely me) involved. For a while I had an urge to strangle Ixis Naugus, but, fortunately, I realized that would be ridiculous, and the computer I read from remains unscathed.

Naugus sure is a pain, but I'm glad you came to your senses! Computers can have feelings too, just look at Nicole!

I've received the Poster Spectacular issue of Sonic Super Special for my seventeenth birthday, and it's one of the nicest presents I've ever been given. The artwork is fantastic! I love Spaz's style, Yardley's expressiveness and Ben Bates's dramatic flair.

We loved putting that issue together, but there were even more artists that we wanted to include so we hope to do more spectacular issues in the future! We hope you enjoy this issue's sticker collection too!

All right, enough beating around the bush. The main reason I write in is because I badly want to write for Sonic. I can both write and illustrate, which, from what I understand, is rare, but I need to know what more I need to do. I'll be looking at colleges soon, and I need to know what it'll take.

Read A LOT of books, diversify your library so that you understand how different types of stories are constructed, there's so much available. And of course, write every day!

Bottom line question:
What courses have you found helpful?

Caryn P.
from Utah

Thanks for writing in, Caryn. Our advice to you would be to take as many english and literature courses as possible. Studying drama and theater is also a great way to study dialogue and character interactions!

That's all the room we've got this month, Sonic-fans! Be sure to write all of your comments and questions to Sonic@ArchieComics.com with the subject line: Super Special Delivery! We look forward to hearing what you have to say!

SONIC & MEGA MAN™ CROSSOVER FINALE!

SPOILER ALERT!

The crossover to end all crossovers just had an ending to beat all endings! Drs. Eggman and Wily set off their Super Genesis Wave to rewrite everything ever in their own images! Together they defended its activator with their Chaos Emerald-powered battle mech – the Egg-Wily Machine X, but even with the odds so stacked in their favor, they were no match for the combined might of Super Sonic and Super Mega Man!

And yet it wasn't a perfect win for our heroes. As the space-robot Duo had warned them, Sonic and Mega Man needed to find a way to restore balance to their worlds and realities. With so much damage done to the fabric of space-time, any corrective measures would have to be delicate, precise and perfect.

IN SONIC THE HEDGEHOG #250, THE ULTIMATE DREAM TEAM IS FORMED! THIS IS WHAT AWESOME LOOKS LIKE.

THE SUPER
TEAM UNITES IN
SONIC THE
HEDGEHOG #251

DID YOU KNOW...

The blue blur and blue bomber are cool, but what's a hero without his side-kick? Both Sonic and Mega Man count on the support of aerial aces in Miles "Tails" Prower and Rush the super robot dog!

CHAOS DISTORTION!

MEGA MAN WAS ABLE TO RETURN HIS WORLD TO ORDER, BUT SONIC HAD SOME MAJOR TROUBLE WHEN DR. EGGMAN INTERFERED WITH THE CHAOS ENERGY.

With Sonic's advice and guidance, Mega Man was able to precisely use chaos control to repair the damage done to his world by the mad doctors' schemes. Mega Man's world was reset to the events just seconds before the crossover happened. Everything was restored, with even memories of the advanced timeline erased. (Pick up Mega Man™ issue 28 to read all about it! On sale now!) But this put Mega Man back in the crosshairs of his bitter brother, Break Man. And that leaves him distracted as the monstrous Ra Moon begins its master plan for Earth.

Sonic's efforts in fixing his reality were confounded by Dr. Eggman's tantrum. As Super Sonic tried to use Chaos Control to revert his world back to normal, Dr. Eggman disrupted the energies, which wreaked havoc on the unstable reality. Now Sonic and Eggman are strangers in a world warped from what they once knew. And after suffering three Genesis Waves, Sonic's world looks like it's about to fall to pieces!

Ultimately, there was a balance – Mega Man's world returned completely to order, and Sonic's slipped completely into chaos. Now it's up to our true blue heroes to make the most of their situations. Did you miss out on the super-event of the year? Want to know what led to this massive turn of events? Don't miss "Worlds Collide" volume one graphic novel on sale this November and catch up on the adventure! ■

DUB’S CORNER

SONIC COMIC ARTIST, JON GRAY, GIVES YOU THE FULL SCOOP ON ALL THINGS GRAPHIC NOVEL AND SUPER DIGEST!

And so -- after a brief-but-productive hiatus -- I’m finally back to gift everyone with heaping fountains of visual and textual gibberish! Did you miss me? :)

With over 250 issues, numerous spinoff titles and an entire graphic novel library under the blue blur’s belt, it only makes sense that the Sonic comic series add a digest to its resume -- this *is* **Archie Comics**, after all. Bound digests are “kind of a thing” we’re known for!

As a screwball kid who avidly collected Sonic comics, I’d always wondered why a Sonic digest hadn’t been made available to pharmacies, grocery stores and book sellers the way regular Archie digests are. I won’t pretend like I understood the nuances of production then, but I guess some “bright mind” must’ve thought the same thing because now we have **Sonic Super Digest** -- a 128 page quarterly compilation of classic *and* current Sonic tales from across the board (and the companion piece to the book you hold in your hands!)

Think of it this way: **Sonic the Hedgehog** is your meal. **Sonic Universe** is your side dish. **Sonic Super Special** is your delicious, tasty appetizer. And **Sonic Super Digest** is your gooey, yet decadent dessert.

*So eat... Eat your Sonic Super Digest dessert... Yeeesssss... devour its yummy goodness and let **THE TASTE OF COMICS** consume you! MWAAHAHAHA!!! *cough**

DUB’S TRIVIA CORNER!

Stack the **Off-Panels** from **Sonic Universe #48** and **#49** on top of each other and you’ll notice a character crashes from one strip into the next! If you look hard enough, you can also find continuity in **#41** and **#42**!

Catch you on the flip side, gang! ■

Now with the new parkour system, players can hold down the right trigger and Sonic will hurdle, flip, and sprint over all obstacles in his path, keeping the flow of the game continuous.

**CHAOTIC LEVEL DESIGN AND
SUPERSONIC SPEED RETURN!**

Deadly Six rise against the mad scientist and threaten to destroy Sonic's world! This time the blue blur will not only have to work alongside his friends but with his long time eggcentric enemy as well! Talk about a Sonic spin!

MY LIFE'S BEEN BUSY LATELY!

... FACING OFF AGAINST DR. EGGMAN'S DARK EGG LEGION...

... FINALLY HOOKED BACK UP WITH SALLY, BUT I GOT PLAYED BY AN OLD RIVAL I THOUGHT WAS MY FRIEND.

AND NOW IXIS NAUGUS HAS COME BACK TO MAKE ME MISERABLE!

NAUGUS USED TO BE OLD KING MAX'S ROYAL WIZARD, BUT THEN HE TRIED TO USE MAX TO CONTROL THE KINGDOM.

I'VE BEEN TRAVELING THE WORLD, HELPING MY FELLOW FREEDOM FIGHTERS...

AFTER TANGLING WITH DR. EGGMAN, NAUGUS LOST HIS MIND. I THOUGHT HE WAS STUCK AS A DROOLING MONSTER...

* YOU DIDN'T MISS ALL THE EXCITEMENT IN 2010, DID YOU ?!

... BUT NOW HE'S BACK AT FULL POWER... AND HE'S STILL AFTER THE KINGDOM!

IT MAKES ME THINK BACK

HIS UGLY MUG...

WHAT'S THE DEAL?

I THOUGHT YOU'D BEEN BLASTED BACK TO YOUR SPOOKY DIMENSION?

OH, I WAS!

BUT I WAS STILL EMPOWERED BY **THOUSANDS** OF MAGIC RINGS. I USED THAT POWER TO CONJURE A PORTAL BACK INTO THIS WORLD.

DO YOU SEE?

NO MATTER HOW YOU DEFY ME, I WILL ALWAYS RETURN TO HAUNT YOU!

BIG WORDS, UGLY. UNFREEZE ME AND SAY THAT AGAIN.

PAH!

WITH THESE RINGS, I WILL REGAIN MY TRANSCENDED STATE!

Silver was first introduced into the Sonic franchise in 2006's *Sonic the Hedgehog* video game which was made to commemorate Sonic's 15th anniversary. For Sonic's 10th anniversary, Shadow the Hedgehog was introduced. These characters also share other unique similarities, as both Shadow and Silver were brought in during milestone events.

AH, "THE TRUTH." CAN WE TRULY ASCERTAIN WHAT "THE TRUTH" IS? IF IT IS AS WE PERCEIVE IT, AND IF OUR PERCEPTIONS ARE INHERENTLY BIASED, IS "THE TRUTH" ITSELF ETERNALLY MALLEABLE?

YOU'VE LOST ME, SIR. AM I STILL GETTING YELLED AT?

I DO NOT YELL, CHILD. I MERELY CHASTISE. YOU ARE GIFTED WITH IMMEASURABLE POWER, AND I WISH ONLY TO SAVE YOU FROM MAKING THE SAME MISTAKES I MADE IN THE PAST.

IT'S HARD TO BELIEVE SOMEONE AS WISE AS YOU COULD MAKE MISTAKES, SIR.

PREPARE US DINNER FOR THE EVENING, AND WE SHALL REFLECT UPON YOUR LATEST ADVENTURE.

RIGHT AWAY...

I MADE MANY, AND MOST OF THEM DIRE, I AM SAD TO SAY.

I STILL DON'T BELIEVE IT. CAN WE GO BACK TO TALKING NOW? I'M NO GOOD WITH TELEPATHY, AND I'VE GOT A HEADACHE...

OF COURSE, OF COURSE.

SUPER SPECIAL

**CHARACTER
FEATURE:**

SILVER
THE HEDGEHOG

**IN SEARCH OF THE
TRAITOR**

THE MANY TRIALS AND ERRORS IN SILVER THE HEDGEHOG'S
HUNT FOR THE "TRAITOR" TO THE FREEDOM FIGHTERS.

IT'S NO USE!

When his quest began, Silver first believed Sonic the Hedgehog to be the notorious “traitor” as prophesied in the future. It seemed like a good place to start, because who else would have the power to destroy a whole team? But Sonic proved himself a true hero, incapable of deceit.

**TRAITOR?
TRY AGAIN!**

FUTURE FIGHT

Silver's search was sidelined as he dealt with another past threat, preventing Perfect Tikhaos from drowning the world. Multiple timelines didn't provide him with any new clues, and Silver returned home no closer to uncovering the identity of the traitor.

CHILL OUT

Next, Silver sought out Rotor Walrus, who had gone by “Boomer” in the early days of the Freedom Fighters. Silver assumed that Rotor had infiltrated the team by destroying this “Boomer” and attacked. After the name confusion was cleared up, an embarrassed Silver returned to his future.

**TRAITOR?
TRY AGAIN!**

PRELATE PARTY

Silver was sidetracked again as a sinister “Prelate” (a super-powerful metallic being) from yet another alternate past lured him to a “Dark Mobius.” As he fought for his life and the fate of a world, Silver learned that power without thought or discipline behind it was useless.

AMBIGUOUS ACE

A little wiser from his travels to “Dark Mobius”, Silver returned to the past. His other leads – Antoine and Bunnie D’Coolette – proved very wrong very quickly. Frustrated and desperate, Silver finally struck good fortune when a master spy offered to help him in his quest in exchange for Silver joining the elite Secret Freedom Fighters.

SAVING SALLY

Finally he had his answer – Sally was revealed to be the traitor, though her treachery was not of her own doing. When Sally saved the world from Dr. Eggman’s dreaded “World Roboticizer”, she became the villainous “Mecha Sally” and terrorized all free people in the name of Dr. Eggman. But in Silver’s time, 200 years of war and disaster clouded this fact, and Sally was simply remembered as the Mecha-monster she had become. Silver has now pledged to save Sally, and in doing so, save his, and everyone’s future!

SILVER

THE HEDGEHOG

Silver the Hedgehog comes from two hundred years into **Mobius Prime's** future. The future is in perpetual turmoil. Each time Silver travels back in time to solve one issue, another arises and he has to find the new cause of terror. Silver is eager to be a hero, but his tenacity gets the better of him. Sometimes naïve to a fault, his heart is in the right place, but he has a lot to learn.

Silver has very few contacts in his time: **Edmund**, the **Last Guardian of Onyx Island** – the half-sunken remains of **Angel Island** – and **Mammoth Mogul**. He was raised by the ancient and ailing Mogul who set him on his quest to find a “traitor” among the **Freedom Fighters** in the past. This quest led to Silver joining the **Secret Freedom Fighters**.

Silver uses the **Orange Time Stone** to travel through time. Due to his constant time-travel, he has become “decoupled” from time. This means that every time he returns home he remains unaltered by the events he changed and must re-learn the history of Mobius each time. This leads to a lot of his confusion.

If he tires himself out overusing his psychic powers, he can recharge by absorbing power rings.

PROFILE STATS:

First Appearance:

Sonic the Hedgehog #194

Abilities:

ESP – Extra-sensory perception allows him limited telepathy, but only enough to cause limited vertigo or a headache.

Telekinesis – Silver can lift objects many times his size and weight and manipulate them with precision – all with his mind. He can also fly for a limited time, catch projectiles and laser-fire, and short-circuit machinery.

BUNNIE RAB-BOT™

PROFILE STATS:

First Appearance:

Sonic the Hedgehog #3

Abilities:

Cybernetics – These feature many useful tools, such as telescoping limbs, jet feet for flying, a transforming arm cannon and energy shield generator.

Martial Artist – Trained in judo.

Bunnie Rabbot (pronounced rah-BOH) was born in the **Southern Baronies** just before the **Great War**. Her parents died during the conflict. Bunnie was raised by her **Uncle Beauregard** and **Aunt Lulumae** happily for many years. However, things soured when her uncle claimed her parents had died in service of the **Overland** due to long-standing tensions between the Southern Baronies and the **Kingdom of Acorn**.

Bunnie rejected the notion that her parents were traitors and ran away from home, cobbling together a small farm on the edge of the kingdom's borders. She was soon found and captured by a pair of **SWAT Bots** and put into a portable roboticizer. **Sonic the Hedgehog** and **Rotor Walrus** came to her rescue a moment too late; Bunnie was half-roboticized. Instead of dwelling on this, Bunnie took to her new body well, even going so far as to introduce herself with a pun off her family name (pronouncing it RAH-bot).

Bunnie bonded with **Sally Acorn** and quickly became one of the **Freedom Fighters**. She provided friendship to Sally, ran hard-hitting missions with Sonic, and managed to find the hidden hero within **Antoine D'Coolette**. While she put on a brave face, she did hold out hope that she would one day be returned to normal.

But then her body began rejecting her roboticized parts. She could accept an upgrade designed by **Dr. Quack** and **Nate Morgan**, but it would ensure she would never be derobotocized. With Antoine's love and support, she committed to her cyborg life. That love was later tested when **Patch of Moebius** posed as Antoine and actively tried to ruin the romance. Bunnie was shaken, and made a few questionable choices, but rebounded when Sonic managed to rescue Antoine from Moebius.

When Bunnie's cybernetics were accidentally crystallized by **Ixis Naugus's** magic, he attempted to undo the damage – miraculously reverting her to flesh and blood. Shortly after, however, Antoine was nearly killed while on a mission. Blaming her own powerlessness, Bunnie has left for parts unknown to “make things right.”

BLAZE & HER THE CAT WORLD

Blaze the Cat is both a princess and the **Guardian** of the seven **Sol Emeralds** and **Jeweled Scepter**. Due to her connection with the Sol Emeralds, she is both blessed and cursed with pyrokinetic powers. The dangerous nature of her powers has isolated her, giving her a somewhat cold demeanor. While often grimly serious, her adventures with **Sonic the Hedgehog** has softened her somewhat (but not lessened her fear of heights). Blaze sometimes travels with **Marine the Raccoon**, a vivacious girl with a talent in building sea craft and dreams of being a captain.

Marine lives and works on **Seagull Island** with the **Coconut Crew**, a youth group of koalas. While Marine can wear on Blaze's nerves, the princess does have a fondness for her. Much of Blaze's world is ocean with hundreds of islands peppering the surface. Some of the larger islands are built up with modern technology and architecture while most of the smaller islands remain lush, pristine environments. An important local resource is generally called "material" – minerals of varying colors and consistencies that prove to be incredibly versatile in building any number of devices. While mostly peaceful, the world is plagued by the pirate **Captain Whisker** and his robot crew. He is accompanied by his tiny minions **Min** and **Mum**, while the arrogant **Johnny** serves as a speedy, powerful protector. Whether Captain Whisker is a native to Blaze's world or a creation of either **Dr. Robotnik** or **Dr. Eggman Nega** is unknown.

PROFILE STATS:

First Appearances:

Blaze the Cat: Sonic the Hedgehog #160
Marine the Raccoon: Sonic the Hedgehog #180
Cpt. Whisker: Sonic the Hedgehog #180

Abilities: Blaze (1)

Pyrokinesis – She can summon and control fire. She can throw fireballs, raise pillars of flame, or hover briefly as if there were rockets in her feet.

Super Speed – She has speed comparable to Sonic. Coupled with her pyrokinesis, she becomes a blazing comet.

Burning Blaze – When she has all seven Sol Emeralds, Blaze transforms into her super form. Able to fly and produce even more fiery attacks, she becomes faster and invulnerable.

Abilities: Marine (2)

Mechanic – While she isn't at Tails' level, she's still remarkably skilled for such a young girl.

Accent – She jabbars in what we would recognize as a bad Australian accent.

Abilities: Captain Whiskers (3)

Hardy Chassis – His body is incredibly durable and heavy – like a living wrecking ball.

Abilities: Johnny (4)

Super Speed – Whether on a jet ski, running or flying, Johnny is able to keep up with Sonic.

CHECK OUT THE SONIC SECTION @ WWW.ARCHIECOMICS.COM FOR MORE SONIC COMICS!

SSSM: Evan, you've been involved with quite a few Sonic comics in such a short amount of time! How did you get started at Archie?

ES: Back in 2010, Archie held a fan art contest called "Sonic Vs.". I had been (and still am) making fan art and fan comics of Sonic the Hedgehog for years, and I decided to enter the contest just for fun. I entered and immediately forgot about it. I didn't win the contest, but a couple weeks after entering I got an email from Paul Kaminski, the editor of the Sonic Comics, asking if I'd be interested in working for Archie! After running around the house and squealing for a little bit, I readily accepted his offer!

SSSM: Your first issue, all interiors, was Sonic 247 – what can you tell us about drawing that issue? What scenes inspired you the most?

ES: Ooh, #247... As that was my first full issue, I was crazy-excited to do it (I'm still ecstatic every time I get a new script to draw). There were a few things that really got me pumped for it: First, Silver the Hedgehog is one of my favorite Sonic characters. I love the way his character has been shaped by the fans' interpretations of him since his introduction. Second, Eggman. No joke, at the time of drawing #247 I hadn't drawn Eggman in about five years. I didn't have the skill to draw him back then, but now he's a ton of fun! And finally, I think I had the most fun on the Tails Doll Monster. I went as freaky as I thought I could possibly get away with... and hey, it worked!

SSSM: You put a lot of emotion into the characters especially with their gestures and facial expressions! What is it about drawing comic books that made you want to go professional?

ES: It sounds pretentious to say, but I've always felt at home in the medium of comics. I didn't have a lot of of 'em growing up, but the ones I did have I remember vividly (Calvin and Hobbes and Bone were a big deal for me-- a lot of the inspiration for my facial expressions comes from those). I didn't start to actually draw my own comics until I got into the Sonic franchise at 13.

HIGH-HO SILVER!

SILVER THE HEDGEHOG IS ONE OF EVAN'S FAVORITE SONIC CHARACTERS IN THE ENTIRE SERIES!

Suddenly my head was bursting with stories that I wanted to tell, and comics seemed like the best way to do it. I dove in headfirst, and haven't looked back... of course, I don't just love comics because they have Sonic in them, though that is a big part of it). I love the unique power, versatility and possibility of sequential art as a medium.

SSSM: Do you have any favorite/notable moments from any of your past Archie Sonic projects? What advice do you have for any aspiring Sonic comic artists out there?

ES: So far there's been something to love in all of my projects. It's the experience-- the sheer excitement of having such an amazing job, getting a chance to shape the future of a comic that's become a huge part of my personal and creative lives, and seeing people enjoy what I love to do... that's what's best for me.

EVERYTHING EVAN!

EVAN ISN'T JUST A FANTASTIC PENCILER, SHE'S A VERY TALENTED COLORIST AS WELL! CHECK OUT SONIC THE HEDGEHOG #231'S BACK UP STORY, "HAUNTED" FOR EVAN'S EXCELLENCE!

As for advice for other artists out there, I have two things for you. First, I know you love drawing Sonic, but **LEARN TO DRAW FROM LIFE**. There are no shortcuts in drawing well, and the best way to learn is by drawing what you see around you with an unbiased eye. Trust me, do this and your cartoons will be a thousand times better.

Second, put yourself out there. Don't wait to make your dreams happen, and be ready to have them crushed and thrown back in your face. This is my personal challenge; before Archie hired me, I had been drawing Sonic comics for about five years. All that time, I had dreamed of how awesome it would be to actually work on the official comics, but I never had the bravery to prepare and submit a portfolio. I didn't even have the guts to consider it as a remote possibility. Only through sheer dumb luck did I get a job. The only thing holding me back was myself. You guys are amazing, and keep getting better every day. Have fun and do your best! ■
